

MELBOURNE SOUTH YARRA RESIDENTS GROUP INC.

Established by the residents of South Yarra in 1969

UPDATE ON THE METRORAIL PROJECT CONSTRUCTION DISCUSSIONS HAVE STARTED WITH MMRA

Some information about the proposed construction of the Metro Rail Project has now been provided by the MMRA to MSYRG. We are also told much has still to be finalised so we believe there are opportunities for MSYRG to influence decisions that will impact South Yarra.

However, it is clear that the location of the Domain Station will remain where originally planned in the middle of St Kilda Road near the end of Domain Road and that the Edmund Herring Oval will be the initial dumping site for tunnel material.

MSYRG has now been introduced to the preferred contractor, the Cross Yarra Partnership (with Lend Lease the lead partner) and discussions have started about what will happen in South Yarra during the construction period.

As you know our main concerns are TRUCKS and TRAFFIC and in particular the route or routes to be taken by trucks removing tunnel material from the Oval and the multitude of other construction vehicles.

We have fortunately been able to get access to the best and most senior Lend Lease officer responsible for this work and are confident the discussions will be frank and open.

MSYRG's intention is to find the best way to get the work done with as little impact as possible on our neighbourhood.

You can be assured MSYRG will be doing everything possible to achieve the best outcome for all of us in South Yarra.

If you have any questions or want the committee to be alert to an issue that concerns you please email secretary@msyrg.com.au or call/SMS Jan Armstrong-Conn, Secretary on 0412124244
